STRAP & CLIPS

SIDE FASTENING FOR STRAP & CLIP APRONS

We have over 30 years experience manufacturing aprons and stock an extensive range of materials, styles, sizes and fastening options.

SOME OF OUR APRON RANGE

PLATILON (Polyurethane)

The ultimate food manufacturing apron outlasts PVC 3 to 1, more hygienic, flexible, lighter and tougher. Six great colours. Four fastening options.

PVC

Four apron types - all blood and fat resistant. Choice of hemmed or die cut, welded or brass eyelets and four fastening options. Also in a good choice of colours.

NEOPRENE

Made for long wear and punishment while providing an excellent barrier to acids, oils, greases and a wide range of chemicals.

PVC POLY TARP

Extra tough aprons, great for the fishing industry, single or double thickness in a good range of colours.

NYLON

Lightweight white nylon aprons or triple coated striped butchers aprons from the UK. Royal, red, navy twin stripes.

COTTON

We stock five styles of aprons constructed from quality heavyweight cotton drill from the UK. Most of the popular colours are ex stock, but having our own sewing room we are able to make other colours or styles in-house.

POLY COTTON

A beautiful range of colours, in stock or made to order from our UK polycotton fabric.

PLATILON

OUR 'TOP OF THE RANGE' APRON IN SIX COLOURS

BUTCHER'S APRONS
